

The Value of the Gale PowerSearch Platform:

NEW FEATURES

- Search Assist provides web-search functionality and recommendations similar to Yahoo and Google
- On-demand language translation includes three newly added languages: Chinese, Japanese and Korean
- Enhanced results include improved relevancy rankings and easier access to filters and limiters
- More intuitive advanced searching with Search Assist on the most used indexes

AND MUCH MORE

- Users can cross-search Gale holdings such as *Gale Virtual Reference Library*, *InfoTrac* collections and specific *In Context* resources
- Results include multimedia — images, video, and podcasts
- Search within result lists to target specific content
- Technology that delivers audio versions of articles and downloadable MP3 files
- Document management includes e-mailing, bookmarking, downloading or printing
- Easy-to-use citation tools facilitate research results

Academic OneFile

Perfect for research libraries, graduate schools, universities and community colleges, *Academic OneFile* is a comprehensive, up-to-date and easy-to-use resource for serious academic research. Home to nearly 13,000 indexed journals, *Academic OneFile* is available 24/7 and effortlessly delivers quality content for faculty, students, scholars and other researchers.

Extensive coverage of the physical sciences, technology, medicine, social sciences, the arts, theology, literature and other subjects makes *Academic OneFile* both authoritative and comprehensive.

With millions of articles available in both PDF and HTML full-text with no restrictions, researchers are able to find accurate information quickly. International in scope and unparalleled in breadth and depth, *Academic OneFile* is a one-stop resource for academic research in all disciplines.

◀ The homepage offers a variety of search options, including a quick basic search. Researchers can easily narrow their results by using limiters for more targeted searching.

The screenshot displays the Academic OneFile homepage with the following elements:

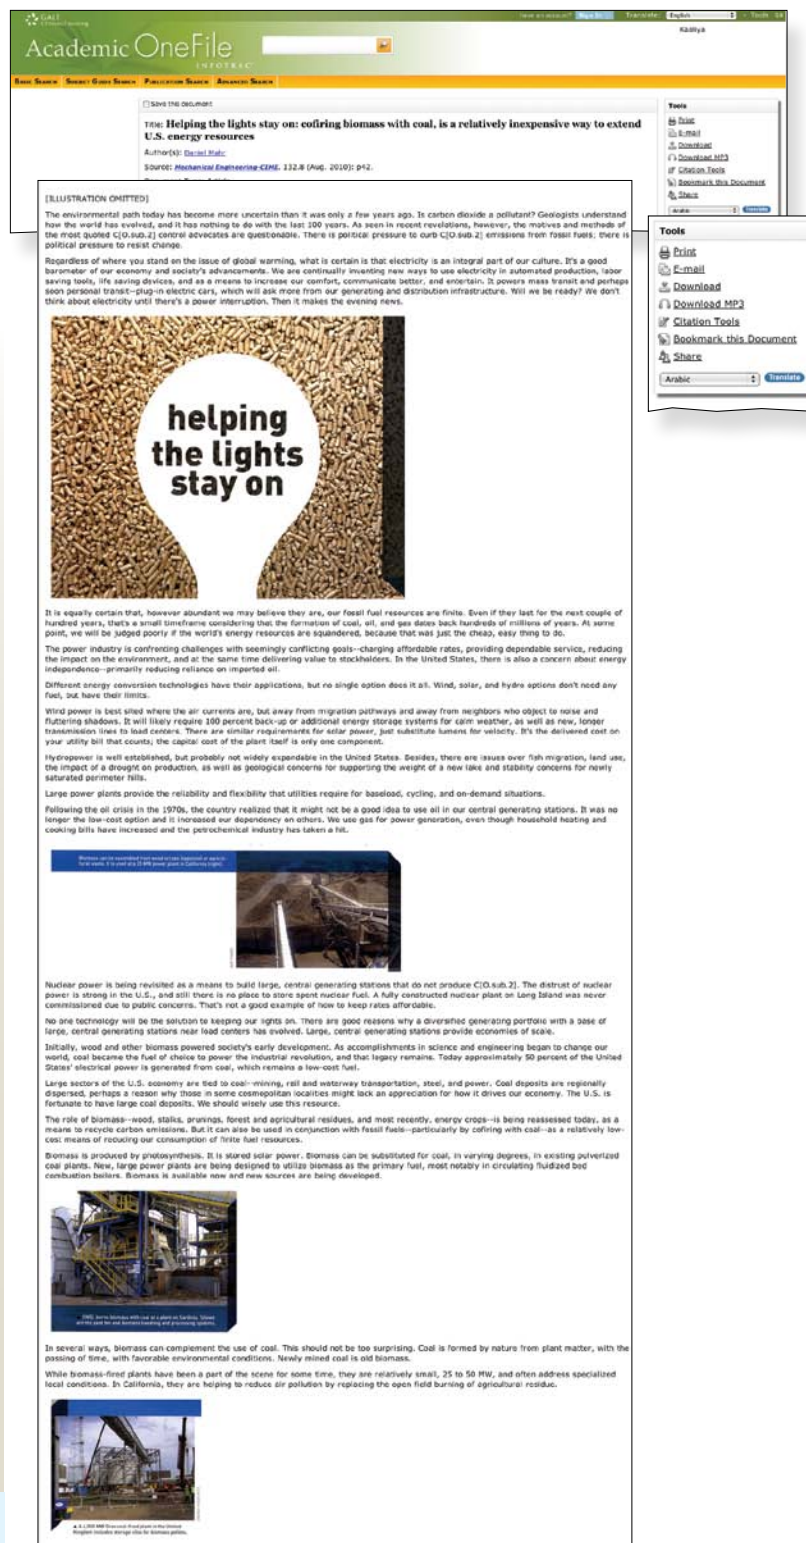

- Navigation Bar:** BASIC SEARCH, SUBJECT GUIDE SEARCH, PUBLICATION SEARCH, ADVANCED SEARCH.
- Search Bar:** Keyword, Subject, Publication Title, Entire Document. Search Keywords... to documents with full text, to peer-reviewed publications, to documents with images.
